Dear Sir or Madam:

I am writing to tell you what I feel about the proposed fee increase, especially the increase in the Application for Naturalization N-400 From \$400 to \$675. My family is a low income family and we are suffering because of what the increases in the fee will mean in the cost to our lives. I feel that the new cost for the N-400 will be really difficult for my family. With this money I will pay the tuition payment for one of my daughter's school for a whole year, so now we need to work a lot of overtime to do my Citizen application just so my dream of becoming a citizen. And I have to let my daughters alone for long periods of time to work this overtime, so this is really hard for me. It makes me feel depress. Also, I think this fee increase will discourage others from filing for citizenship. This affects my civil rights by preventing me from voting. I think this is really wrong, so please don't increase the cost no more. Thankyou.

Sincerely

Maria Aguirre
