Subject: USCIS-2006-0044

Dear Director,

From today's news that USCIS is going to increase fees tramendiously,for nationazation fee N400 it will jump from \$330 to \$595 and for change of status N485 from

\$325 to \$905,we are normally live on low income level,this kind of increase almost take half or even one month income,we are lawful resident in united States and have paid taxes in work,now we want to became a lawful citizen,our goverment should help us to do so,not by raising such high fee like a punishment,if USCIS has insufficient budget problem,I would think our congress or goverment should give more budget to USCIS to increase people and efficiency.

my another suggestion is to charge less to those low income senior people who wants to become citizen.

thanks for your kind consideration,

Regards,

K Y Juan
