Subject: DHS Docket No. USCIS-2006-0044

With such a great need for children to be adopted, please DO NOT increase the fee. This is already an expensive and time consuming process filled with many obstacles. An increase in fees will only make this an increasingly expensive & difficult process. Please do not penalize loving families who are trying to make a difference in children's lives by giving them a good home.

Thank you for your consideration,

Scott D. Shaw
