

February 24, 2007

To The Director of the Regulatory Management Division:

I am concerned about DHS Docket #USCIS-2006-0044. I am a resident in the United States. I have three children who are going to come to the United States. I am going to be a citizen in this year, but I have information that our fee to pay to become a citizen is going to be increased. So what is my idea? We have friends or family who don't have money to pay that amount. For example, me, Koffi Khodegui, I have three children in my country who are going to come to this country, and I have insufficient job so I don't know how I can pay that amount. So please help us when we bring our family to this country, and then we can support them. So now I'll let you know they will be here soon.

Thank you so much,

A handwritten signature in black ink, appearing to read 'Koffi Khodegui', with a long horizontal stroke extending to the right.

Koffi Khodegui
