**Subject:** Citizenship proposed increased filing fees.

too many people are trying to do the right thing by filing for their citizenship; most of whom are very low income earners. Without your citizenship documents job opportunities are closed off to people. The cost of living is through the roof; people are struggling. Honest people are trying to make an honest living. It is hard to live dayby-day. Minimum wage and other low income earners simply cannot afford to pay the astronomical increase filing fee for applying for citizenship. I sincerely hope that this drastic action will be reconsidered.
