Subject: [Docket No: USCIS-2006-0044];[FR Doc: E7-01631];[Page 4887-4915]; Immigration: Benefit application fee schedule adjustment

To Whom It May Concern:

We are presently pursuing an International Adoption and already have one child that was adopted domestically and would like to comment on the increase. Adoption is so expensive. It is a challenge financially for most families to begin with. The fees increase would be hard for many who are adopting. I think that other options should be looked into for paying for those seeking asylum etc. There could be a way made for them to pay after they have a job or make an opportunity for those using the immigration services to donate or sponsor those immigrating. I don't think the burden should be put on those who are already sacrificing and often taking out loans to pay for their adoptions.
