Families who are trying to adoption children have a long list of requirements to meet besides the huge costs involved.
I am writing to encourage our government not to increase the fees to adopt children,
saddling families with even higher costs.
People who are adopting children are providing homes to kids who may not get a chance
and we should do more to help these families rather than putting more road blocks in their way.

LET'S HELP CHILDREN GET ADOPTED
STOP THE INCREASES IN COST
