Subject: RE: Docket No.USCIS-2006-0044 - Adjustment of Fee Schedule

Dear Sir/Madam:

We feel that the proposed adjustment to the Immigration and Naturalization Benefit Application and Petition Fee Schedule is onerous and unfair. The proposed increases are steep which would be very disadvantageous to a lot of immigrants who are really in the lower rung of the economic ladder.

Please reconsider the proposed fees and propose instead very modest

increases. We support the smooth operation of the Immigration and Naturalization Service but please do not increase huge increases in fees

that would put to a disadvantage the group of people that you are trying to serve.

Yours sincerely,

Jaime G. Olazo
