USCIS Comments

Dear USCIS Comments:

I am writing to you as an international educator in opposition to the February 1, 2007, proposed rule "Adjustment of the Immigration and Naturalization Benefit Application and Petition Fee Schedule." The proposed fee increases are so exorbitant they will act as a disincentive for international students and scholars to study and work in the United States. USCIS must reconsider the role of appropriated funds to meet the administrative needs of the agency. I ask that fees be reduced to the actual cost of processing the application or petition.

Thank you for the opportunity to comment.

Sincerely,

Jessica McMillan
