Dear Madam or Sir:

I am writing in reference to the U. S. Citizenship and Immigrations Services proposed increase in filing fees for adoption-related forms and Certificates of Citizenship (docket number: USCIS-2006-0044).

Considering the immense cost that adoption already incurs for families opening their hearts and homes in this great country, it would be a terrible shame that the USCIS again (since 2004) add to the strained resources of these families.

IF there had to be an increase, could it not be at a lower percentage?

Thank you.
