**Subject:** no to fees increase

A change in the Infrastructure of the current system would be a plus, but an increase in the fees by a 66 percent is not justifiable. USCIS has increases it fees more than three times in the past five years and consumers have yet to see and improve service. I believe and increase by 66 percent is nothing more and nothing less than an unjustifiable attempt to make the process more painful to benefits seeker. First lets see a more structure an detailed plan with budgets etc....as to how customer service will be improve, how the reduction would happened. As of now USCIS is yet to achieved the reduction in processing
