Subject: [Docket No: USCIS-2006-0044];[FR Doc: E7-01631];[Page 4887-4915]; Immigration: Benefit application fee schedule adjustment

We are currently in the adoption process. (adopting from China) We were originally in the traditional program, but had considered and applied to our agency for special needs as well. In addition, with the ever increasing time frame, documents have already had to be done a second time. Adoption is such an expensive option anyway, these increases are very difficult for people to manage - once, much less twice.

We have paid for a home study update, new fingerprints, and, because we found our daughter on another agency listing of waiting children, have also had to pay another agency fee.

These children desperately need homes and loving families, and the more fees increase, the fewer families will be able to bring the love of a forever family to these children.

Please make the well being of these children a primary focus, and know that God considers children a blessing, and debt a curse.

Blessings,
