I would like to make a comment on the proposed fee hikes and especially for forms: I-539 and I-765. I understand the need for a fee hike with the rising costs of everything, but to make a 89% increase for form I-765 and a 50% increase for the I-539 is quite a hardship. These students are also faced with double digit increases in tuition.

You need to make the fee hikes more reasonable.

Sincerely,

Debbie Palm
