Subject: Docket No. USCIS-2006-0044, U.S. Citizenship and Immigration Service

Re: U.S. Citizenship and Immigration Service, CIS No. 2393-06; Docket No. USCIS-2006-0044, RIN 1615-AB53

The increase in USCIS fees for international adoption is unwarranted, unjust and discriminatory.

There should not be ANY fee for a family who is adopting a child from another country. The level of scrutiny imposed upon citizens who have already been subjected to criminal record checks, medical exams, child abuse clearances and homestudy is unnecessary and a waste of time. The USCIS cannot and will not provide a single instance in which their process prevented any threat to the US.

I support the elimination of fees for everything USCIS does related to international adoption.

Thank you for considering these comments.
