**Subject:** Ridiculous Proposed Fee Increase by CIS

Dear Sir or Madam,

I find the proposed U.S. Citizenship and Immigration Services, 8 CFR Part 103, CIS No. 2393-06, Docket No. USCIS-2006-0044, RIN 1615-AB53 regarding fee increase (on average a 66%+ increase per application) in filing U.S. immigration paperwork completely OUTRAGEOUS!

How can the government of this country, a country formed by immigrants, make the new immigrants or those who have been here lawfully for years and wanting to settle in this country in lawful ways to pay for the inefficient government workers and stupid immigration systems!

Stop abusing those new helpless immigrants by doing whatever you want to!

Susan, completely disappointed and frustrated by your stupid immigration system and who has been paying U.S. taxes for more than ten years but still anxiously awaiting for a stupid visa number in order to be eligible to file an adjustment application
