Subject: [Docket No: USCIS-2006-0044];[FR Doc: E7-01631];[Page 4887-4915]; Immigration: Benefit application fee schedule adjustment

While illegal aliens flood our borders and consume our tax money in the form of medical care, school costs, and legal expenses - it is appalling our government is going to levy up to a %66 increase of fees against a group of tax-paying, American citizens who are already facing huge costs and for what.... to salvage a life. While we work two and three jobs to meet these financial demands, you raise the hurdle even higher. Add to this, the fact we are paying for something that will expire before we can even use it because of USCIS time limits, many of us will face having to pay this fee twice due to lengthen referral times!!! Why have I been paying taxes for the last 35 years to a government who takes advantage of an 'easy mark'?! I guess you figured it out- most of us would do anything to finally hold the child in our arms that was born in our hearts.
