RE: DHS Docket # USCIS-2006-0044

Proposed rule— Adjustment of the Immigration and Naturalization Benefit Application and Petition Fee Schedule

I am a student in a citizenship class at ACRS in Seattle, Washington. I have been studying English and American history and civics to fulfill my dream to become an American citizen. I was very unhappy to hear that the US Citizenship and Immigration Services (USCIS) has proposed to raise the N-400 citizenship application and fees from \$400 to \$675. I will find it very difficult if not impossible to pay this additional \$275 as I was already worried about paying \$400. Doesn't the USCIS want to build bridges for refugees and immigrants to move towards citizenship not walls?

I would like to request that USCIS asks congress for additional money instead of asking individuals to pay an additional \$275. If this increase occurs, the N-400 fees will have increased by 711% since 1998 (from \$95 to \$675). Except for a cost of living increase, my income has remained about the same in 9 years. By signing below, I and my fellow class members want to let you know that we do not feel this is fair and we ask you to keep the N-400 fee at \$400. Please reconsider your proposed fee increase.

Sincerely,
