We are writing to object to the rate increase proposed for the I-600A and I600 and the N-600. We are a large non-profit, agency licensed in seven (7) states providing international adoption services with eight (8) countries. With the implementation of Hague and the slow down in general of international adoptions, this is another burden for families and will affect not only the families but the agencies as well. Please do not implement these increases.
