Subject: Proposes Fees

Mr. Gonzalez,

With all your respect, but the proposed new fees increases, are out of touch with reality, we are hard working people, that struggle to make end means, we work hard to support our families, we get paid the minimum wage, and we hardly cover our rents, food, and clothes for us, and our family, we this increase it will make impossible to even try to file a citizen application or to petition our family member. Please take in consideration that Immigration and Naturalization Services, are for people that came to this country to give a better life to our children, and we do not had the best pay jobs in the USA, even our children had joint the military to advance in their education, most of them are just legal alien, and did not apply for citizenship, because of money constrain. I hope that you will take this in consideration and do not make unrealistic fees increases.

Thanks,
