Subject: Fee Increase

To Whom It May Concern:

I would like to ask that you reconsider increasing the fee for immigration petitions especially for orphan children. As a Mother of a child that I adopted from China in 2005, I know first hand the cost of adopting a child & that is why I ask that you please reconsider this or make an exception for petitions filed on behalf of orphaned children.

I would great appreciate your consideration to this request.

Sincerely,
Patrick Yates
