RE: AHS Wocket No. US-C15-2006-0044

Dear Wirector:

your proposed fee increases for immigration services fall short of the value received. The poorest of poor illegal immigrant pays his/her smuggler three times more than what you are asking or considering.

I do not approve of any waivers. All immigrants should pay for the privilege of becoming a future U.S. citizen especially the illegal immigrants robo have been in the United States breaking our laws and using counterfeit documents,

Immigrants who have committed felony crimes or who are members of a gang should be deported, and informed if ten years or longer.

Illegal immigrants who have used a stolen Social Security card or number should not, and I repeat: SHOULD NOT that they may have contributed to the S.S. Fund. In rewarded for their slegal acts.

Children born to illigal or regular immigrants while in the USA should not automatically become citizens nor scholerships. The "Noveam act" (now tacked on to another bill) is a slap in the face of all U.S. families struggling those who worked two or more jobs and also to through college, and also to through college. Citizenship for immigrant children blowd be put on "hold" until their purents become

Securing our country is a MUST! Green eards issued to immigrate should include - Issue and Expiration dates, that and Lingusprints. DNA should be taken and stored.

Nort under estimate funds needed for this very important opportunity to make this depart-

your department has the ability to either improve the image of our country and its immigration policies or reduce it to a 3rd World Country.

AMNESTY OUT!
