Subject: DHS No. USCIS-2006-0044

Director Regulatory Management Division U.S. Citizenship and Immigration Services Department of Homeland Security 111 Massachusetts Avenue, NW, 3rd Floor Washington, DC 20529

Dear Director U.S. Citizenship and Immigration Services,

As a frequent audience member at many campus and not-for-profit performances, I submit these comments in response to the proposed rule published in 72 Fed. Reg. 4888-4915 (February 1, 2007) to adjust the immigration and naturalization benefit application and petition fee schedule.

I am opposed to the proposed increase of the filing fees for nonimmigrant worker petitions. The proposed increase in the Form I-129 and Form I-824 filing fees will be financially burdensome to those attempting to bring excellent performers to small campuses. Before the USCIS contemplates any price increase, regular processing procedures must be improved.

USCIS should not consider a fee increase without first improving regular processing procedures in the following ways:

Reduce the maximum processing period for O and P petitions to 30 days. Receipt notices from USCIS often indicate that processing periods will range anywhere between 30 and 120 days. This time span is simply too ambiguous and lengthy to accommodate booking and presenting foreign guest artists for performances with a fixed date. To engage foreign guest artists, and more freely facilitate international cultural exchange, the nonprofit performing arts community must be able to rely upon a 30-day maximum processing period.

Improve the reliability and consistency in adjudication of O and P petitions. Current USCIS policies and practices result in inefficient processing of O and P visas - causing delay, expense, and unwarranted requests for further evidence. USCIS must implement uniform policies, procedures, and training for efficient processing of petitions.

Implement uniform policies to improve the traditional expedite service. The USCIS has made traditional expedite processing available at no additional fee to petitioners who experience an unforeseen emergency. Since implementing the Premium Process Service, the USCIS has allowed nonprofit organizations to remain eligible for the traditional expedite. However, the standards for granting expedited processing requests are unclear. The traditional expedite is not helpful unless there are clear,

uniform policies appropriately followed and administered by USCIS.

I am grateful for the opportunity to comment on this proposed fee increase. We oppose the proposed fee increase and urge the USCIS to demonstrably improve processing of regular petitions before burdening petitioners with any increase in processing fees.

Thank you for your consideration.

Sincerely, Kathryn McMillan Post-doctoral research fellow Vanderbilt 1161 21st Ave South Nashville, TN 37232
